

INFORMATION FOR ASBMR 2026 ANNUAL MEETING CONCURRENT ORAL PRESENTATIONS

Your work has been highly valued by a stringent peer review system and is expected to receive a lot of attention at the scientific meeting. The ASBMR Program Committee asks that you take considerable care with its presentation. Please adhere to the following guidelines for your presentation:

- **NEW FORMAT:** Your presentation is scheduled for 12 minutes (8-minute presentation with 4 minutes of question and answer). **Your total presentation must not exceed 12 minutes.**
- You should arrive at least 10-15 minutes before the start of the session and check in with the moderators of the session, so they can verify your participation.
- Please rehearse your talk with your colleagues so that you are confident your presentation is clear, the slides are easy to read and understandable, and you do not run over the time allotted.
- Be prepared to answer questions on your work. If you feel you are unable to give a clear presentation and/or to fully understand and answer questions, the talk should be given by a colleague who can. If this is the case and another colleague will make the presentation on your behalf, the colleague should make sure to notify the moderators of this change prior to the start of the session.
- The ASBMR encourages senior presenting authors to give any young investigator authors of the abstract the opportunity to present at the ASBMR 2026 Annual Meeting. If you need to change presenters, please email abstracts@asbmr.org.
- If you have received NIH or other funding for the work presented in your presentation and/or have any Conflict of Interest information, please make sure to include acknowledgment of this support or disclosure information on the **second slide of your presentation**. It is not necessary to acknowledge every co-author verbally; this acknowledgement should be made on a slide included in your presentation.
- ASBMR must be informed immediately if a paper is to be or has been published in print before the meeting.
- If your presentation is treatment-related, you must give a balanced view of therapeutic options by providing several treatment options, whenever possible, and by always citing the best available evidence.

SLIDE PRESENTATION INSTRUCTIONS

ASBMR utilizes a networked presentation management system. All presentations must be loaded on a central server and pushed out to presentation computers in the session rooms. **There will be NO capability to load presentations in the session rooms.** All presentations must be loaded prior to arriving at the meeting via the web-enabled presentation delivery and management system or on-site in the Speaker Ready Room.

16:9 High Definition Projection in all session rooms

ASBMR will be providing computer systems and projectors that display at 1920x1080 resolutions. This high-definition digital display will enhance the quality of your presentation by providing a bright and clear display of your presentation in the session room.

Please note that in order to take full advantage of the widescreen display you should create your presentation in 16:9 aspect ratio. From Within PowerPoint, click on the “Design” tab. Click “Page Setup”. PowerPoint will default to Slides sized for: “On-screen Show (4:3)”. Change the setting to “On-screen Show (16:9)” and click OK. (See below)

Please also note that in older versions of PowerPoint such as 2010 you cannot simply convert your existing presentation to 16:9. You will need to re-create your presentation in 16:9.

If you do not format your presentation in 16:9 then the presentation will display with black bars to the left and right and will not fill the screen properly.

Presenter View/Notes will be available in each session room

PRE-SUBMISSION OF ELECTRONIC PRESENTATIONS THROUGH THE INTERNET

To assist speakers with managing presentation slides at the meeting, ASBMR offers speakers the opportunity to upload their presentation prior to arriving at the meeting. You will be sent an email with a link and password to access the site in August.

The deadline for pre-submitting your presentation is Friday, October 2 at 11:59 PM EDT. Presentations will not be accepted via email.

Pre-submission of your presentation via this system is not mandatory. Presenters with large, embedded video, movie files within their PowerPoint presentation should make it a point to deliver their presentation media to the Speaker Ready Room for review and loading of their presentation on to the show server in person. If you do choose to pre-submit through the internet, you can visit the Speaker Ready Room on-site to view your presentation and make any necessary changes. However, you must do this at least 24 hours before your scheduled presentation time.

SPEAKER READY ROOM CHECK-IN PROCEDURES

Speakers must check into the Speaker Ready Room 24 hours in advance of their presentation. At that time, speakers may review their slides. The Speaker Ready Room is located in Meeting Room 308 in the John B. Hynes Veterans Memorial Convention Center. Review of slides must occur at least 24 hours before your presentation. The Speaker Ready Room hours will be added to our website and sent in communications leading up to the meeting.

AUDIO/VISUAL & COMPUTER EQUIPMENT

Session room PC's will be provided with the following configuration:

- Processor: a minimum Core i7 2.93 GHz
- 32 GB RAM
- 1920 x 1080 at 24 bit color depth
- Microsoft Windows 10 Professional
- Microsoft Office 2021 Professional
- Adobe Acrobat Reader DC (Latest Version)

All electronic files must be submitted in the Speaker Ready room using one of the formats listed below:

- PowerPoint for Microsoft 365 or earlier version
- USB Drives should be PC Formatted
- Preferred video format: .mp4
- PDF Reader: Adobe Acrobat DC

Files stored in email, Cloud Drives, ftp sites, etc., or phones are not acceptable

***Note: PowerPoint Presenter View is supported. Presenters are able to view their speaker notes on the computer in the room.**

***If your presentation contains any video or audio, please make sure you check the playback of the file within your presentation on a Preview Station in the Speaker Ready Room to ensure the media files are present and play properly.**
